

*LEDstrip 24V Up IP65 LED 2700K Wide Flood 1000lm/m (Mounted Uplight) /m*

**Spezifikationen**

|                     |                               |
|---------------------|-------------------------------|
| Material            | 93000044                      |
| Typ der Lichtquelle | LED                           |
| LED Typ             | LEDSTRIP 24V IP65 1000LM/M EB |
| LED-Technologie     | LED mit flexibler Platine     |
| CRI                 | Min. 90                       |
| Farbtemperatur      | 2700K                         |
| Anzahl Lichtquellen | 0                             |
| Binning (SDCM)      | 3                             |
| Lichtrichtung       | Aufwärts                      |
| Eingangsspannung    | 24 Vdc                        |
| Schutzart           | 65                            |
| Innen/Außen         | Innen                         |
| Bruttogewicht (g)   | 0,001                         |
